DETAILED ACTION

Election/Restrictions

1. Applicant's election with traverse of Group 1 and elect the species as described in Example 2, which relates to the compound of Formula (I) wherein R¹ represents a derivative of 2-deoxyribose and R² represents an amino group in the reply filed on March 21, 2008 is acknowledged. The traversal is on the ground(s) that the compounds are related and classified in the same class. This is not found persuasive because the compounds do not share a substantial chemical core and would require different search strategies.

The requirement is still deemed proper and is therefore made FINAL.

2. Claims 2-3, 5-6 and 15-26 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on March 21, 2008.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 1, 4 and 7-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The inclusion of brackets "[...]" and/or parentheses "(...)" renders the claims indefinite as it is unclear whether the limitations within said brackets and/or parentheses are part of the claimed invention. See MPEP § 2173.05(d).

Conclusion

5. Claims 1-26 are pending. Claims 2-3, 5-6 and 15-26 are withdrawn from further consideration. Claims 1, 4 and 7-14 are rejected. No claims are allowed.
